

PROJECTS

CONTRACT C9177– BUILDING DEMOLITION, PILE REMOVAL, UTILITY DIVERSION AND ITS ASSOCIATED WORKS

Duration: 2024.

Client: Expand Construction

Developer: Land Transport
Authority (LTA) - Singapore

Role: Tender Design

PROJECT BACKGROUND

The work zone of Utilities works will locate along the Sungei Kadut Avenue and at the junction Sungei Kadut Avenue/ Sungei Kadut Way/ Sungei Kadute Street 1.

The construction site impedes traffic flow as well as the traffic safety concerns.

OUR SCOPE

Strader Consult has been appointed to assist in the tender for LTA contract C9177 package, primarily focused on design the traffic alignment to divert the traffic flow as well as review existing traffic facility for safe movement of vehicles during the construction period.

Development the traffic impact assessment or traffic technical note to assess the impact of proposed alignment (if required).
